M. A. G. I. C. Match Making A Generous Incentive Commitment

St. Aloysius School is a neighborhood school in the north end of Springfield. Our school is traditionally comprised of second and third generation's families with close ties to the community. This year marks our 81st anniversary of the first day of school at St. Aloysius. The tradition of excellence in education began with the Ursuline Sisters and continues today through the dedication of nineteen certified teachers. St. Aloysius School is shining these days with the help of our hard working Parents and Parishioners. Excitement is in our halls with enrollment at 200+ and several new faces to welcome.

St. Aloysius invites your business to give students the opportunity to develop a unique relationship between their classroom and your business. Your donation will help provide continuous education for extra educational materials and/or experiences. As a sign of appreciation, your businesses name will be given exposure throughout the community and city. Programs and events such as Back to School – Parish Picnic, Oktoberfest, School/ Parish newsletters, Parent –Teacher Conferences, Spaghetti Dinner, Church Bulletin, Alumni Association news, will help partner your business to be more recognized.

M. A.G.I.C. Match will help keep our costs low and help encourage the worlds of business and education, which is beneficial to both. Please contact monica.maggio@saintalloysius.org for more information. Attached is a registration form for your convenience. Thank you for your consideration.
